

# ***Summer Reading Challenge***

## **2024**

Hello folks, and welcome to the 2024 Summer Reading Challenge!

This year's challenge will take you through each of the character traits listed in 2 Peter 1:1-11. Each week you'll be given a new theme, book recommendations, Bible memory, and fun projects. Keep track of your points as you go along to win prizes at the end of the challenge!

### **How it works:**

Each week you will receive an email with a word found in 2 Peter 1:1-11 (e.g. diligence), then we will uncover and apply the original definition through studying the Greek translation in a blog post.

Blogs, Podcasts, Creative Assignments, and Practical Assignments may only be completed once; however, they may be completed at any time throughout the challenge. So if you miss a special challenge one week, you may go back and complete it at a later date.

### **Weekly Blog:**

Each week there will be a blog/Bible study (reading it earns points!) that will help you to better understand and apply what Peter wrote in his epistle.

### **Bible Memory:**

You'll be given a Bible verse or passage (depending on your age category) to memorize each week, related to the theme word.

### **Bible Reading:**

Read an assigned section or book of the Bible during the week. You will earn 5 points per chapter read—any chapter of the Bible may be read anytime during the challenge for 5 points each.

### **Reading List:**

There is a new recommended reading list each week that corresponds to the theme. You may read as many or as few of these titles as you would like during the duration of the challenge, and you can read them in any order. You earn one point per page read in a Lamplighter book or recommended reading.

### **Creative Assignment:**

Complete an assignment each week that creatively illustrates the theme word. This will earn you more points!

### **Practical Assignment:**

Apply what you have learned through a practical application assignment and receive extra points!
